9.5. Consequences of Termination. Upon termination of this Agreement, Customer will cease use of the Service, notify all users that use of the Service has been discontinued, and surrender to Instinct all property or materials that have been provided to Customer by Instinct. Upon reasonable request of Instinct, Customer will serve as a reference for Instinct and the Service.

14. Additional Provisions

14.1. Severability and Waiver. In the event any provision of this Agreement is held by a tribunal of competent jurisdiction to be contrary to the law, the remaining provisions of this Agreement will remain in full force and effect. The waiver of any breach or default of this Agreement will not constitute a waiver of any subsequent breach or default, and will not act to amend or negate the rights of the waiving party.

14.2. Assignment. This Agreement will bind and inure to the benefit of each party's successors and permitted assigns. Neither party may assign this Agreement in whole or in part, directly or indirectly, without the

express prior written consent of the other party, and any attempted assignment without such consent will be void, provided that, either party may, without the consent of the other party, assign all of its rights and obligations under this Agreement to any person or entity that purchases all or substantially all of its assets or any successor entity to such party by way of merger or other business combination. In addition, if Customer acquires, or is the successor entity by way of merger or other business combination with, any facility or provider that is then, or was within six (6) months prior to such acquisition, merger or combination, a customer of Instinct, such customer's software services agreement with Instinct shall be assigned to and assumed by Customer, and Customer shall, and shall cause such facility or provider to, not terminate such agreement other than as provided in Section 9.2(ii) or Section 9.4 of this Agreement for so long as this Agreement shall remain in effect. It is the intent of the parties that such Instinct customers shall remain subject to the fees under their Services Orders and software services agreements with Instinct and not become part of the fees payable by Customer under this Agreement.

14.3. Notice. Any notice or communication required or permitted to be given hereunder may be delivered by hand, deposited with an overnight courier, sent by email, confirmed facsimile, or mailed by registered or certified mail, return receipt requested, postage prepaid, in each case to the address of the receiving party as listed on the signature page to this Agreement or at such other address as may hereafter be furnished in writing by either party to the other party. Such notice will be deemed to have been given as of the date it is delivered, mailed, emailed, faxed or sent, whichever is later.

14.4. Relationship of Parties. Instinct and Customer are independent contractors, and this Agreement will not establish any relationship of partnership, joint venture, employment, franchise or agency between Instinct and Customer. Neither Instinct nor Customer will have the power to bind the other or incur obligations on the other's behalf without the other's prior written consent, except as otherwise expressly provided herein.

14.5. Entire Agreement. This Agreement, including the Services Order and any Addendum to these Service Terms (which are incorporated into and made part of this Agreement), constitutes the complete and exclusive agreement between the parties with respect to the subject matter hereof, and supersedes and replaces any and all prior or contemporaneous discussions, negotiations, understandings and agreements, written and oral, regarding such subject matter. This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which together shall constitute one and the same instrument. The term "written" means anything reduced to a tangible form by a party, including a printed or handwritten document, e-mail or other electronic format. The word "including" (and correlative words, such as "include" and "includes") shall not be construed as a term of limitation but shall mean including without limiting the generality of any description preceding such term. The terms "hereby," "hereof," "herein" and "hereunder" mean by, of, in and under this Agreement, respectively, and refer to this Agreement as a whole and not merely to the Section or provision in which such term is used. The term "or" will be construed to be inclusive and have the meaning of "and/or". All references herein to the masculine gender will also include the feminine and neuter, and vice versa, and all references to the singular form will also include the plural, and vice versa, as the context may require. No provision herein will be construed against a party merely because of the role of such party or its counsel in the drafting thereof.

14.6. Amendment. A Services Order may be changed only by a written document signed by authorized representatives of Instinct and Customer. This Agreement, however, may be changed by Instinct from time to time. Such changes will be effective upon notice to Customer, including by email, and posting of such changes on Instinct's website. Customer's continued use of the Service following such notice and posting of changes will constitute Customer's acceptance and agreement to be legally bound by any such changes.

14.7. Binding Agreement. Each of the parties to the Agreement represents and warrants that all necessary action has been taken to authorize such party's execution, delivery and performance of the Agreement and that the Agreement is the valid and binding obligation of such party, enforceable in accordance with its terms.

14.8. Cumulative Rights and Remedies. Except as otherwise expressly provided in the Agreement, the rights and remedies of the parties under the Agreement (including the right to terminate the Agreement and the right to indemnification and the limitations on liability) shall be cumulative with and in addition to, not exclusive or in replacement of, any other rights or remedies that may be available under any other agreement between the parties, at law or in equity.

14.9. Governing Law. The Agreement shall be governed by and construed in accordance with the internal laws of the Commonwealth of Pennsylvania, without regard to its principles of conflicts of laws. Each of the parties to the Agreement hereby submits to the exclusive, personal jurisdiction of either the Federal District Court for the Eastern District of Pennsylvania, the Court of Common Pleas of Philadelphia County, Pennsylvania or any municipal or local court located in such county for all claims, disputes or controversies involving the parties and relating to the Agreement; provided, however, nothing herein shall prevent a party hereto from asserting a claim for indemnification or any other claim hereunder against the other party hereto in connection with a third party action in the same jurisdiction where a third party action has been brought.

Exhibit A Form of End User Agreement

Thank you for accepting these terms for your use of the Instinct Science software (the "Software").

You should be aware of, and by your use of the Software you agree to, and will be legally bound by, the following:

1. The Software is a documentation tool only. As such, the Software does not, and is not intended to, provide diagnosis, practice guidelines, advice, or protocols for delivering patient care or medicine. The Software includes Instinct's exclusive medication safety warning system, but the Software, including the medication safety warning system, does not provide or constitute medical advice or a substitute for medical knowledge or judgment, all of which are your sole responsibility.

2. You are responsible for your professional services. Even though you use the Software, you are responsible for all aspects of the medical, diagnostic, therapeutic, and related professional services you deliver. This is the case even if the Software produces errors or presents data that is not complete or correct. For example, references from the Software, including the medication safety warning system, that help you provide your professional services must be checked and confirmed by you.

3. You are responsible for how you use patient information. Even if it is produced or stored by the Software, you are responsible for how you use patient data, including for your patient care requirements, legal or regulatory requirements, or other use. Certain information included in the Software will be provided by parties other than Instinct, and Instinct has no responsibility for that information. For example, the Software incorporates Plumb's Veterinary Drugs lookup platform, but Instinct has no responsibility for information provided by Plumb's. Additionally, Instinct has no role in the inputting of any order or script to the Software or any aspect of the processing or fulfillment of any prescription, and accordingly Instinct has no responsibility for such matters.

4. You accept our privacy policy. Our privacy policy is intended to notify you regarding the manner in which Instinct will use information provided to the Software that identifies you as an individual, which may include your name, address, telephone number, date of birth or social security number. You accept Instinct's standard privacy policy, as currently in effect, which is available at www.instinct.vet/legal. You also accept Instinct's standard general terms of use, as currently in effect, which is available at the same link.

5. You consent to records of your patients being made available in the Software. This includes patient information included in any referral that you make or prescription that you issue. Additionally, you authorize the practice, hospital or facility with which you are affiliated or to which you refer patients, and the pharmacies through which you prescribe patient medication, to make the patient records, as well as your personally identifying information, they create or possess available to Instinct and the Software. You also authorize Instinct to use your patient information to provide the Software and for other business purposes.

6. As between Instinct and you, your patient records will always be your sole property or, as applicable, property of the practice, hospital or facility with which you are affiliated. As such, you will have responsibility for the accuracy, sufficiency, title, legal compliance and other aspects of patient information.

7. You will comply with applicable laws relating to veterinary or pharmacy medical records and applicable laws relating to the privacy of patient information or your personal data. You acknowledge that personally identifying information (including your information and information of your patient owners) will be collected by you or, as applicable, the practice, hospital or facility with which you are affiliated (and not by Instinct) and transferred by you or such practice, hospital or facility to Instinct, as a service provider of the Software.

8. You understand that the Software and data may be compromised. While Instinct uses industry standard systems to support the Software, like any technology, the Software may fail to function, become inoperative or inaccessible, produce errors, or lose, compromise, corrupt or inaccurately report data. Instinct makes no warranties with respect to the Software or its performance or security.

9. You understand that the Software may experience a security breach. As above, while Instinct uses industry standard systems to secure the Software and your data, including patient records, like any technology, the Software may experience a security intrusion or data breach. So long as Instinct uses industry standard systems, you agree that Instinct will have no responsibility or liability for the security of your personal data, any patient records or personally identifying information in those records, or any other data provided by you to the Software, including any breach of such security or any unauthorized disclosure, misappropriation or unauthorized use or access of any such data. In addition, you may access and use the Software only through the username and password provided, and you are responsible for any use of, and activities that occur under, your accounts or password, whether or not you authorized them.

10. You may use the Software only in compliance with applicable laws and proprietary rights. You will use the Software in compliance with all applicable laws (including, among others, international laws relating to privacy), all third party rights (such as copyright and privacy rights), and any policies or requirements of which Instinct makes you aware. You may not make the Software available to any other person or copy, modify, adapt, decompile, reverse engineer, generate source code, attempt to duplicate or make derivative works based on the Software or otherwise use the Software for any purpose other than that for which it is intended. You will have no rights of ownership in the Software or Instinct's intellectual property rights. You assign to Instinct any rights you may have in any suggestions or ideas related to the Software. Instinct reserves the right to monitor our equipment, including equipment you use, and your use of the Software and to terminate your use of the Software in its reasonable discretion.

11. You will have no legal rights against Instinct. You agree that in no event will Instinct be liable or responsible to you for, and you waive any rights you may have to, any Damages (defined below) from Instinct, except for any arising out of Instinct's acts or omissions in violation of its privacy policy (and subject to the limitations set forth in the privacy policy). This includes Damages arising out of any failure of the Software to function in any manner, any service-affecting failure of the systems infrastructure, including any of third parties, that results in your inability to use or access all or part of the Software or information, or any loss, compromise or inaccuracy of information, data loss, corruption or inaccuracy, reporting error, security breach, or use of or reliance on the Software or any information therein. "Damages" means any and all losses, claims, obligations, liabilities, actions, suits, proceedings, demands, judgments, payments, costs and expenses (including court costs, amounts paid in settlement, judgments, and reasonable attorney fees and other expenses) and damages of any kind, nature or description whatsoever. "Instinct" means Instinct Science, LLC.
